

Kiddie Academy's Character Essentials!

Character Essentials is an educational program that teaches common values and character traits to children with the intention of helping them develop into moral, caring, and responsible citizens. These programs help children navigate relationships with others and shape their attitudes and actions in society. Our children will be focusing on feelings of others as well as their own feelings which supports self-regulating emotions, talking and learning about what we are thankful for from food on our table to our family members, and share and show all different ways we can be kind to our peers and loved ones!

OCTOBER
We Have Feelings

DECEMBER
We Are Kind

NOVEMBER
We Are Thankful
